

Topic Area _____

Tagline (short sum of quote idea)

Citation (all 5 elements are needed)

1. Title of article, book/chapter, or webpage heading

2. Author: person or entity who wrote/said quote

3. Credentials: expertise within area of person or entity saying quote

4. Source of retrieval: where you got quote...book page, magazine, newspaper (with edition), webpage address (root may be used in speech but have full address in evidence block), pamphlet, etc.

5. Date of publication or retrieval

QUOTE: The words that are important to your point. Include enough context to show quote is accurate but *remove* unnecessary clutter. Use strike outs for content that will not be given orally but remains to show context.
